Storm Data and Unusual Weather Phenomena

September 2006

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Killed	Number of Persons Injured	Estimated Damage Property Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------	---------------------------------	---------------------------------------	--------------------

MINNESOTA, Central and South Central

Mcleod County

Glencoe	16	2000CST			0	0		Thunderstorm Wind (EG50)
	Large branches felled.							

Wright County

2 S South Haven to 1.8 S South Haven	16	2002CST 2003CST	0.2	25	0	0	200K	Tornado (F0)
---	----	--------------------	-----	----	---	---	------	--------------

An NWS damage survey confirmed a brief tornado touched down along the western shore of Twin Lake. There were an estimated two hundred trees downed at the north end of Quinn Avenue, and two homes suffered substantial damage, partially from falling trees. Minor damage was reported to several additional homes.

Mcleod County

Lester Prairie	16	2005CST			0	0		Thunderstorm Wind (EG52)
	Indoor boat storage under construction toppled.							

Meeker County

Darwin	16	2005CST			0	0		Thunderstorm Wind (EG55)
	Trees toppled near 68336 237th Street.							

Martin County

Fairmont	16	2015CST 2115CST			0	0		Heavy Rain
	Several vehicles stranded at intersection of South State Street and Adams Avenue due to ponding of water. As reported by Sentinel newspaper.							

Martin County

Ceylon	16	2024CST			0	0		Thunderstorm Wind (EG52)
	Scattered trees felled on the south side of Ceylon.							

Wright County

Howard Lake	16	2029CST			0	0		Thunderstorm Wind (EG55)
	Trees downed.							

Martin County

5 S Welcome to Welcome	16	2032CST			0	0		Thunderstorm Wind (EG52)
	Swath of felled trees.							

Hennepin County

3 W Rogers to Dayton	16	2052CST 2103CST	7	100	1	0	30M	Tornado (F2)
-------------------------	----	--------------------	---	-----	---	---	-----	--------------

A tornado touched down on the western edge of Sylvan Lake and moved quickly northeast. It produced F0 damage to some farms and rural residences in Hassan Township before strengthening and entering the northwest corner of Rogers. It gained F2 status briefly as it moved through a residential neighborhood in Rogers, where it took the life of a 10 year old girl in a home. A home weather station 2/3 mile southeast of the tornado at this point measured 65 mph inflow winds. The tornado crossed Interstate 94 and entered another neighborhood, where F1 damage was produced. One house with significant damage had a home weather station in the back yard. Once the data were retrieved, its peak gust was found to have reached 105 mph. The tornado then moved into the northern tip of Dayton, alternating between F0 and F1 damage, then exited Hennepin County, crossed the Mississippi River and entered the city of Ramsey in Anoka County (see separate entry). The maximum width in Hennepin County was 100 yards, although its maximum width in Anoka County was only 25 yards. F10PH

Hennepin County

Rogers	16	2055CST			0	0		Thunderstorm Wind (MG54)
---------------	----	---------	--	--	---	---	--	--------------------------

Once power was restored several hours later, it was found that 65 mph wind was measured on a home weather station. This wind was due to strong southeast inflow blowing in toward the tornado 2/3 mile to the northwest

Storm Data and Unusual Weather Phenomena

September 2006

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Killed	Number of Persons Injured	Estimated Damage Property Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------	---------------------------------	---------------------------------------	--------------------

MINNESOTA, Central and South Central

Sherburne County

Elk River	16	2055CST			0	0	100K	Thunderstorm Wind (EG60)
------------------	-----------	----------------	--	--	----------	----------	-------------	---------------------------------

A used car sales trailer at Elk River Ford-Dodge-Jeep dealership was rolled; the dealership also incurred damage to a sign and some vehicles. Part of a townhome roof was blown off in the Kliever Lake Fields subdivision along County Road 12, just west of Fillmore Street. Some garage doors in the subdivision were pushed in, and one garage was damaged. An area along Yale Street, behind Broadway Bar, saw some damage, as did Park Pointe development. A garage door was blown in at the Furniture and Things warehouse on Ulysses Street. A semi-trailer outside a restaurant was blown over. Trees were blown down and signs were bent. Most information provided by the Annandale Advocate and the Elk River Star newspapers.

Wright County

Albertville to St Michael	16	2055CST			0	0		Hail(0.88)
--------------------------------------	-----------	----------------	--	--	----------	----------	--	-------------------

Hail occurred along Interstate 94.

Wright County

Otsego	16	2055CST			0	0		Thunderstorm Wind (EG60)
---------------	-----------	----------------	--	--	----------	----------	--	---------------------------------

Twelve by sixteen foot farm outbuilding blown into ditch. 23 homes suffered minor damage. Scattered trees were felled.

Anoka County

Ramsey	16	2103CST 2104CST	1	25	0	0	50K	Tornado (F0)
---------------	-----------	----------------------------	----------	-----------	----------	----------	------------	---------------------

The tornado that tore through northern Hennepin County crossed into Anoka County, tracking for one mile in the city of Ramsey before dissipating. The tornado was rated F2 based on damage in Hennepin County, but in Anoka County, it was rated F0. The maximum width in Anoka County was 25 yards, but the maximum width of the tornado was 100 yards in Hennepin County.

Anoka County

Ramsey	16	2105CST			0	0		Thunderstorm Wind (EG60)
---------------	-----------	----------------	--	--	----------	----------	--	---------------------------------

Semi-trailer blown into power poles. Wall blown out of furniture store along U.S. Highway 10.

Anoka County

Andover to East Bethel	16	2110CST 2115CST			0	0		Thunderstorm Wind (EG55)
-----------------------------------	-----------	----------------------------	--	--	----------	----------	--	---------------------------------

Scattered trees toppled.

Anoka County

Ham Lake	16	2115CST			0	0		Thunderstorm Wind (EG55)
-----------------	-----------	----------------	--	--	----------	----------	--	---------------------------------

Several trees downed.

Wright County

Monticello	16	2115CST 2116CST			0	0		Hail(0.75)
-------------------	-----------	----------------------------	--	--	----------	----------	--	-------------------

Hennepin County

Champlin	16	2129CST 2130CST			0	0		Hail(0.75)
-----------------	-----------	----------------------------	--	--	----------	----------	--	-------------------

Hail occurred near the Champlin/Dayton border.

Waseca County

3 NW Waldorf	16	2140CST			0	0		Thunderstorm Wind (EG52)
---------------------	-----------	----------------	--	--	----------	----------	--	---------------------------------

Trees down.
